ABOUT ME

An aspiring Backend Developer with a strong interest in AI/ML model development. Having built full-stack web applications, I now focus on backend systems, secure workflows, and integrating intelligent models into impactful solutions. Passionate about real-world applications in healthcare and social good, I continuously expand my skills in emerging technologies while delivering projects that are both robust and user-friendly.

TECHNICAL SKILLS

- **Backend**: Python, Flask, Django (Proficient); FastAPI (Familiar)
- **Frontend**: HTML5, CSS3, JavaScript (ES6+), React.js
- **Databases**: MongoDB, SQLAlchemy, MySQL/SQLite
- **AI/ML**: NLP, Hugging Face Models, TensorFlow, BERT, OpenCV, Matplotlib
- **Cloud & Deployment**: Cloud Computing, Secure Workflow Management, API Integration
- **Tools & Others**: Git/GitHub, Streamlit, REST APIs, Docker (Basics)

PROJECTS

- **SocioSentiment** — Streamlit app for sentiment & emotion analysis of social issue text. Python, Streamlit, Hugging Face Real-time inference & confidence visualization
[Link](#)
- **MedVerify** — Offline-first PWA for NGOs to reduce medicine wastage & manage medical camps Node.js, React, MongoDB, OCR Offline support & OCR-based tracking
[Link](#)
- **Campus Voice** — Campus safety platform with image verification, NLP, and heatmaps Python, Flask/Django, NLP, Map APIs Complaint prioritization & live issue visualization
[Link](#)
- **GharKaKhana** — Django web app connecting local vendors with working bachelors Django, Python, HTML/CSS/JS, Bootstrap Vendor-customer workflows & authentication
- **FlashDSA** — Full-stack app for practicing DSA via interactive flashcards Flask, MongoDB, HTML/CSS/JS CRUD operations & secure DB integration [Link](#)

EDUCATION

UNIVERSAL COLLEGE OF ENGINEERING

BE Computer Science

2023 - 2027

MITHIBAI COLLEGE

HSC IN SCIENCE STREAM - PCMB

2021- 2023

ST SOLDIER PUBLIC SCHOOL

SSC SCHOOL

2009- 2021

SOFT SKILLS

- Problem-Solving
- Teamwork
- Communication
- Time Management

LANGUAGES

- English — Proficient
- Hindi — Native

INTERESTS

- Fitness and Health
- Personal Projects
- Learning New Technologies
- Drawing & Painting

HACKATHONS PARTICIPATED

- **Hack With Mumbai 2.0** (30-hr, Bharati Vidyapeeth) — [MammoCheck](#), breast cancer density detection
- **DEVHACKS** (24-hr, Atharva College) — [AI-Powered Writer](#)
- **Hackstomp** (24-hr, Universal College of Engineering) — Upcoming participation
- **Smart India Hackathon 2026** (National) — [FLOATCHAT](#), ocean data access
